

Mint of the United States at Philadelphia,

MELTING AND REFINING DEPARTMENT,

Philadelphia, 17th October, 1882.

Sir,

In reply to your question, whether I could make Bullion above Standard fineness without interfering with the usual operations of the Mint, in my Department, — I respectfully state that I can readily do so at any time, — except, when the usual melting operations of the Mint occupy all the furnaces for the whole day, — or except, the contemplated business should increase inordinately in amount, of which there is no prospect.

Very Respectfully
J. A. C. Booth

Hon. A. Loudon Snowden, (M. & R.)
Superintendent.

NARA RG104, Entry 1, Box 127

Mint of the United States at Philadelphia,
Melting and Refining Department,
Philadelphia,
October 17, 1882

Sir,

In reply to your question, whether I could make Bullion above Standard fineness without interfering with the usual operations of the Mint, in my Department, - I respectfully state that I can readily do so at any time, - except, when the usual melting operations of the Mint occupy all the furnaces for the whole day, - or except, the contemplated business should increase inordinately in amount, of which there is no prospect.

Very Respectfully,
Jas. C. Booth
M & R

Hon. A. Loudon Snowden,
Superintendent.
